Message From Group CEO

Dear Stakeholders,
Welcome to Ovid Group. Since our founding in 2013, we have embarked on an incredible journey of growth, innovation, and affordability. Our mission is to transform the construction and real estate sectors by creating sustainable, high-quality, and affordable living spaces for everyone.

Innovation, sustainability, and affordability are at the heart of what we do. By leveraging the latest technologies and eco-friendly practices, we not only lead the industry but also ensure our projects protect our planet while remaining accessible to a wide range of people. Our work extends beyond constructing buildings. We are committed to building vibrant, thriving communities. Our developments aim to enhance the quality of life, foster economic growth, and support ecological balance, all while offering affordability to meet diverse needs.

I am incredibly proud of our talented team and visionary leadership, who are driving our success and preparing the next generation of leaders to continue our legacy of excellence, innovation, and inclusivity.

Our strategic partnerships with governments, industry leaders, and local communities are key to our success. These collaborations enable us to tackle complex projects and drive meaningful, affordable change for all.

As we look to the future, our commitment to innovation, sustainability, affordability, and community development remains steadfast. Thank you for your continued trust and support as we shape the future of construction and real estate together.

Warm regards,
Yonas Tadesse
Chairman and Group CEO
Ovid Group

OVID Group's Social, Economic, and Political Impact on Ethiopian Development

Social Impact:

- **Job Creation:** Direct employment for 110,000 people per annum, contributing 3.33% to the national construction sector plan.
- **Improved Living Standards:** Developing modern cities with essential amenities like hospitals, schools, and recreational centers.
- **Women Empowerment:** Practical job opportunities and equal pay, contributing to gender inclusivity in construction and management roles.
- **Corporate Social Responsibility (CSR):** Contributions of over ETB 300 million towards housing, healthcare, and education initiatives.

Economic Impact:

- **Housing Projects:** The development of 64,000 housing units is expected to generate \$9.2 billion in three years, contributing 0.68% to Ethiopia's GDP annually.
- **Wealth Creation:** Real estate value projected to grow from \$9.2 billion to \$22.4 billion in four years.
- **Foreign Currency Generation:** \$3 billion expected in foreign currency from diaspora investments, contributing to trade balance improvement.
- **Employment:** Total direct and indirect employment opportunities for 210,000 people per annum.
- **Supply Chain Development:** Establishment of 24 new subsidiaries, enhancing construction material production and saving \$450 million in foreign currency annually.

Political Impact:

- **Public-Private Partnerships (PPP):** Collaborations with government on large-scale housing and infrastructure projects, including the 60k housing development and modern cable transport systems.
- **Policy Influence:** Engaging in housing and industrial policies to address Ethiopia's critical housing and infrastructure challenges, ensuring socio-political stability.

Future Plans of Ovid Group

Ovid Group is dedicated to shaping a sustainable future through strategic growth and innovation. Our plans focus on expanding our reach, increasing community impact, and driving positive change. Here's what's ahead for Ovid Group:

Global Expansion:

Expand into international markets like the Middle East, KSA, Iraq, and Africa, bringing Ovid's innovative solutions to new regions.

Activating the International Trading Arm:

Strengthen the international trading arm by building global partnerships and diversifying investments.

Increasing CSR Initiatives:

Expand Corporate Social Responsibility efforts, focusing on affordable housing, sustainability, and community development.

Supporting Ethiopian Development:

Continue investing in projects that positively impact Ethiopia's social, economic, and political growth.

Pioneering Innovation:

Lead with smart city solutions, eco-friendly materials, and advanced construction technologies for sustainable growth.

Digital Transformation:

Implement smart technologies like AI, BIM, and IoT to enhance project efficiency and data-driven decision-making.

Strengthening Local Partnerships:

Build stronger collaborations with local governments, NGOs, and institutions to support skills development and community engagement.

Sustainability Certifications:

Aim for green building certifications like LEED and BREEAM to further demonstrate commitment to eco-friendly practices.

Employee Development:

Focus on leadership training and professional development to nurture internal talent and future leaders.

Renewable Energy Projects:

Explore diversification into renewable energy sectors, such as solar and wind power, to support green energy initiatives.
